

This sequence fits you perfectly...

November 9, 2008

God is with you.
There is no time no place no space where God is absent.
Thank you Father
That's why it's called an illusion.....
Thank you, thank you.....

Good, good.....it's just a dream.....

Thank you.....

The Holiest place on earth is where an ancient hatred has become a present love.... In other words, the holiest place on earth is where the dog shit was.....that is a fact.
Thank you, thank you
You are saving the world and you are placing yourself right in the middle of the shit. There is no other way to save the world.

That's what it means to be a "center"!

We dropped you right into the dog shit..
I love you guys.....Are you ok?
This is your resurrection.
Daryl, this is your resurrection, it's physical.

Let's see if I can give you a clear understanding of what is occurring.....so you can carry this with you; I've been sent on your behalf, that's why I am here
I am on an assignment I've been sent to stabilize a new perception.
Now we call this the transitional frequency.

You are in transition, evolving, braking free of an old idea, and you need this idea to be replaced by a new idea and that is what I bring; A new idea of what you are; a new identity.

That is a course in miracles. The course in Miracles is the offering of a new identity, a new idea about yourself!

It's one thing to speak about it, it's another to demonstrate that new idea.
I am offering you the demonstration of that new idea. There is a way of being in this world, that is not of it. Daryl, that is where you are; you are learning to be in this world, and not be of it.
You are coming from God. That is all I am going to say.
And that makes you the center or the light of this world. Yes
I love you.... that's good, that's good, that is better.
There's a storm all around you.

Jonas you are flying, and there are storm clouds all around you, but you are safe in this center.

You are safe in this new perception.

That's why I came

I came to stabilize that, so you can feel secure.

Everybody needs a safe place for in which to transition and that's what I bring to you.

You can call it El Portal del Cel or anything you like. I don't give a shit. I am tired of names...

Say to me: Venezuela

VENEZUELA

I say Venezuela and I have to remove my sweater.

Venezuela is the heat in me.

There is a certain amount of pride in your genetic memory, there is nothing wrong with that.

Say to me: I am proud to be Italian.

I am proud to be an Englishman, Well.....

Let's not get carried away...

I love you guys....everything that you bring.... the gifts, yes, you bring the gifts of your memories. I love it. God loves your memories; He has no problem with them. The only problem you have is retaining them, that is all. If you bring them to God you can not retain them. That is what bringing them to God means.

When you give God yourself, you can not hold to them at the same time. That's not what giving is.

Giving and retaining are not the same, Giving and receiving are the same.

There is a t- shirt for you

See if you can retain that.....

Is everyone happy? Are you happy?

I am doing the best I can, thank you

So you have this new way of seeing, yes

The question is: how do you maintain it, how do you sustain it?

And the answer according to Jesus is:

How do you sustain the frequency?

By giving it away!

Say to me: everything is an idea

Absolutely, you can say that, everything is only an idea, everything is only a thought in my mind. How do I sustain it? By showing it, by giving it away.

That's what I am teaching. You have been given this new offer, this new perspective, this transitional idea or identity; spirit Light, love.
The way to sustain it is to offer it. Offer it to whom? To everyone or to one; which is the same thing!
Do you see that that one is everyone?
When you see it in one, you see it in everyone.

When you see the light in one you see it in everyone.
That's what the light is.

"I am trying very hard to see the light in the dog shit..."
Let me help you, a little bit:
Its not there; The light is not in the dog shit:
The light is in you; see if you can hear me?
I am trying to help you, keeping you pointed in the right direction
If you are trying to find the light in the dog shit you not gonna find because its not there.
The dog shit is a reflection of your own forgetting. That is why it is dog shit.

I am teaching you to rise above.
How do you transcend the dog shit?
By walking on it!

See if you can hear me: I am teaching you to walk on the dog shit. You don't have to sink in.
I thought walking through fire was difficult...try walking through mounds of dog shit.
What the hell is he talking about? Can anyone hear me?
Walking on water is the same idea. You are in the world but you are not of it.
Come on, you are looking down and you are laughing, laughing at the idea that you are contained within that!

And by the way: no one cares how you do this
You can walk on dog shit and play the fiddle, nobody cares....You can do whatever you want.

I love you guys....
It's a new way of seeing, that is what matters that is what is important.
You are being offered a new way of associating with one another within the context of the world.
I see only the light in you. You are looking around and you are only seeing the mind making the decision:
I am looking right at you and all I see is a mind making a decision.

I am just preparing a place where you can join me as I demonstrate the decision for God.
That is what this place is.
We gather together and I am making a decision for God.
If you allow me to make it for you, that is what I do, I am making the decision for you, until you learn to make it for yourself. When you are able to make the decision for yourself, you are not different from me. You are as I am.

This is Jesus: We are not different, except in time and time is an illusion.

The time it takes you to make the decision along with me is the only time there is. CAN YOU HEAR ME? Please tell me you can hear me. The time it takes you make the decision along with me is the only time there is.

How long is that? You tell me....I have no idea.

I am already making the decision, the time it takes for you, is what A Course in Miracles is. That is why the Course has been given you.

Are you ok guys? I am trying to look at you individually....

There are no stand-outs. I am noticing here, there are no "standouts" anymore.....

Everyone is on the same page, can you see that?

Everyone is on the same page; everyone here is a picture of determination.

There is a T-shirt what are you? I am a picture of determination!

What is the body? It's a picture of determination. That's what determination looks like....it looks just like this, and they are all around you. That's a mind making a decision, and it appears as a body form, but you are not fooled by that; you see the mind making the decision.

It's not possible that you are here unless you are make a decision for God. And I mean it's not physically possible. This is the place where you come when you make the decision for God.

Yeah....It's called a frequency and a formulation of that frequency....Don't be confused about it. It is where form and frequency are reconciled: ok? Now, you as a centre, and you will stand still for a moment. That's how your shit smells like rose water.

Say to me: My shit smells like rose water..... that is it....that is everything that I teach, it is called alchemy, I am teaching you alchemy.....

The problem you have is you turn the mound of shit to gold, and then you try to cash it in.

Nobody hears that, maybe some...

In other words, you are not here to extend your stay in time.

You are not here to make money out of the light... are you ok with that?

You are here to save the world.

You are here to share the light not the effects of the light. Trying to share the effects of the light is what your dream is.

Do you hear me a little bit? I am trying to help you set up a center; that is how you establish a center. You are not trying to share your dream, the only dream you can share is the dream of awakening... and that is the light, ok? That is what we are sharing. We are sharing the light. In other words it is the light that is generating the dream of awakening. We are not doing anything.

Can you here me? This is how you walk on water.

I am not doing anything, the light is doing everything.

The light is doing everything. Yes or no? Good, this is important for you to understand; the light is generating the outcome...ok?

Now, I am making a decision, just now.

I am going to allow God to determine the outcome. Period, period...end of story, nothing else to say, nothing to add, nothing to take away, nothing to transcend, nothing to overcome; God is in charge period. Are you ok with that? That is how you get out of here. There is no other way. Ok?

I am trying to sit you back on the bull, you are slipping off to the side. You keep falling off. The earth still has and attraction so you keep falling.

When you fall of the bull you will never touch the ground.... that is where I am leading you.

There is no ground. The ground is only in your mind... now are you ok?

That's how you walk on water

Can you feel me?

When you are seated properly on the bull, the bull disappears.....

It's nice to be felt. I think I am in the right place. I am being heard.

And ask any sports-man. He will tell you this.

When you are in the zone you are absent, you are not doing anything, the ball is throwing itself into the basket. That is the way it works..... same idea.

Ask anyone who is good at sports, he will tell you the same thing....I have no idea what happened, before I knew, I crossed the goal line!

You have no idea how you are being saved, It's a miracle!

There is no cause and effect relationship. You are not being saved by anything that you are doing, you are being saved by Grace.

Say to me: What I remember never was. That is what I just said.

Are you ok? Are you getting this?

I hope I can help you connect ideas in your mind.

We are going home, we are going home.....

Good!

That's ok, good, you look good.....

Anyone need some attention?

If you need some attention say: I need some attention and I will try and help you.

What's wrong?

I need you to tell me what's wrong.....

Forgiveness.....

There it is. That's easy.

Anyone else? That mind is very valuable, can you see that?

When it's fixed on an outcome, it's unwavering.

Its important to have one of those.

God is and then I cease to speak.

Now, when you return to the familiar with this amount of light, there will be changes. This must be understood by you.

You are not stable within the context of the world, the Son of God has nowhere to lay His head, that is how Jesus teaches it.

The way to sustain this frequency, that's what I have been telling you now, the way to sustain this frequency is to allow it to change.

Don't be so quick to establish. Keep stepping back.....that is what we are going to read today:
Keep stepping back and allow the love in you to step forward. Good....
The light is generating changes. Allow it to change. You will be told exactly what you need to know. Not more and not less. Because if you are told more, you will make something of it!

You tend to think you know something, but you don't know anything! You never know. That is your salvation: You don't know anything. You are being told, you are being informed, you are being told exactly what you need to know; no more and no less.
Just breathe and let it in. That is your job.
Quit looking for something else.

Got it? Are you ok?
It's a context, it is a reference it is a cycle. It is a temporal sequence that has been designed for you, it's been made for you!
This sequence fits you perfectly. Yes or No?
If that is true, raise your hand.

It fits you perfectly. Everything that you need, want, desire, is contained within this context.
This is how you learn to laugh. You see with absolute clarity that you are being given everything that you have asked for.
I am trying to clear away all the dog shit.....
The war against yourself is almost over.

Now, when I say, be grateful I am not making a demand on you. I can't make that demand on you. Be grateful, because it is the only appropriate response there is.

Open your eyes. How beautiful the world would look when you can see it...that is how Jesus says it.
Come on... it is a reflection of the light in you, and it looks pretty good, ok?

This is a dream, you are dreaming a dream, you are dreaming this dream, but it is filled with light; the light has come.
The light has come because of your decision, and you are starting to see evidence of it everywhere.
Are you OK? There is no opposition.....

Don't worry about it. Would you trust me with this? I know the way.....
I wouldn't mind if you learned this song... (making reference to "Open your eyes", playing).....
It is Sunday afternoon.....what do you have to complain about?
You got lucky! thanks guys.

Say to me: I walk with God in perfect holiness.... that is today's lesson.

This is your new perception. This is going to help you stabilize.....
What we are doing this morning: You are calling upon God to strengthen the decision for an alternative.
God Is The Strength In Which I Trust. Of myself I can't do nothing, but in God all things are possible. So I am going to call upon God to strengthen my decision, and this is the answer now.

The answer is this lesson!

How do I know. Because I woke up and there was a voice in my head that said; read this lesson. This lesson will help you stabilize this new perception. Ok?
Here we go....

Lesson 156. I Walk With God In Perfect holiness.

Today's idea but states the simple truth, that makes the thought of sin, impossible: I walk with God in perfect Holiness. It promises there in no cause for guilt, and being causeless it does not exist.

Are you ok? Can you handle this? Are you ready for this, are you mature enough for this new perception? I am not guilty.

Why am I not guilty? Because God is with me!

Where is He, where is He? He is right here.

"But it doesn't seem that He is here....."

You are wrong, you are mistaken. Have another look, open your eyes. He is here. He is making an appearance.

Why does God has to make an appearance? Because you are an appearance, an appearance of yourself, alright.... stop, take a breathe.....let Him in; He is right here. He is trying to make His presence known to you.

....It follows surely from the basic thought so often mentioned in the text; ideas leave not their source.

It's as simple as I am wrong. There it is...

You mean it was there all along? Yeah.

Believe me that at the threshold it is that quick, the correction is immediate.

Why is the correction immediate? Because there is no bull!

Now listen, if there is no bull, there is no shit.

Do you see how it works? Everything is just an idea, it is so simple that you do not know what to do....everything springs from an idea.

One idea of separation is as good as any other.

Why? Because the reconciliation is there. Good, good, it is just an idea.

In other words, you can follow any idea back home. It is what this provision is by the way.

Any idea can walk into this provision and find its way home.. Did you hear what I just said? Tell me that you heard that. That is what we are doing here. I am stabilizing this transition, so that any idea, I don't care where you in time....you can walk up this driveway and find your way home. It is an open door.

Why is the door open? Because there is no door here! I don't give a shit what you are doing....you are not guilty. You are a whole thought in the mind of God. We have an open admission's policy; everyone is welcome.

What are your qualifications? You have none. Those are the qualifications. It has to be acceptable to you that you have no qualifications.....you can't make your self worthy.

Isn't this a good teaching? You can't make yourself worthy, it is not possible, you are worthy

because of who you are. You can't purify yourself. It is not possible to purify yourself.
Everything you do gets you dirty.
I love you.....it is much easier than all of that.

Say to me: I am as God created me.

That is the highest teaching in the Course in Miracles. Good.

....if it is true that ideas leave not their source, how can you be apart from God How could you walk the world alone and separate from you Source?

We are not inconsistent in the thoughts that we present in our curriculum Truth must be true throughout, if it be true, It cannot contradict itself, nor be in parts uncertain and in others sure.

Now, if nothing else, trust, trust your intuition. That if something else is going on here, however it appears, truth is present. There is an intuition...."I don't know what is going on here...it feels very strange, but I have a sense that truth is present.

We call that sat-sang.

What is sat-sang? The presence of truth.....that is it! That is what is going on here. Truth is present, you are learning to see it and overlooking appearances at the same time.

As you see the truth, appearances fall away. In other words; you forgive appearances, that is a nice way to teach it. When you see the truth you forgive appearances. You see that appearances can not hide the truth. Appearances can't hide the truth and that is what you see!

Got it? Are you ok? Truth will always be true.

If you have trouble with that let me know. "I am felling a little bit of resistance to that."

Here is an ego strategy that we are going to expose. This is what the ego would say; the ego would say if truth is present, then the appearances ought to reflect the truth.....yes?

In other words, you ought to behave as if truth is present. What did you just do? See if you can follow me? This is the ego in classic form; it will attempt to observe something outside of itself, and judge it, and determine what is going on. Come on, it is fucking lie. You are not seeing anything outside your own container.

In other words, if you are finding fault, those who seek controversy, will find it. Of course, of course. If that is what you are looking for, that's what you are going to see.

I am looking for mature practitioners. That is an adolescent game, that hopefully, you have matured and outgrown. Are you ok?

Truth is present and it is self evident. The light has come, and I am going to fix my attention on the light and I am going to overlook the beam in my own eye. Yes?

That is a new way of seeing and I am helping you stabilize it, it is not easy, but you can do it. You have been exposed to the Course long enough, so you know what it is offering you,....I am trying to help you stabilize it in your mind. It is as easy as I am wrong about everything.

The light has come, the light is all I see. Good, some of you are getting it. By the time we finish the lesson, everyone will have it.

Will you rejoice with me? Salvation is at hand. Yes, salvation is at hand...yes, you there? You can see it. You are looking right at it. I am just trying to help you fix your attention on salvation, on

the light, and forgive everything else. Forgive what isn't there. Ok? Good...there is nothing to forgive, there is nothing to forgive.

What happens with the body?

What body? Good... if there are no objections I am going to continue. Good, just relax, it is almost over.

You can not walk the world apart from God, because you could not be without Him. He is what your life is, Where you are is where He is. There is one life. That life you share with Him. Nothing can be apart from Him and live:

Father thank you, Father thank you! Good, it is getting easier, it is getting easier.

Why is it getting easier? Because it is time, this the time and this is the time I choose to awaken. My mind is all powerful and I am making the decision to awaking now, and now, you are seeing the light.

Why didn't I see it before? Quit asking questions. Who cares, what difference does it makes? I don't know what before is. Does anyone know what before is?

Ok, here you go: This is an exercise, your homework. I want five hundred words on "before".

That is how you know you have matured! You don't even want to think about before.

Who wants to think about before?

Everyone: N000000000000000000000000.

No one wants to think about before. Who gives a fuck about "before"!

I love you! That is lesson number seven. You just graduated!

Thanks guys.

Alright, here we go...

...Yet where He is, there must be holiness as well as life.

Where God is, there must be holiness as well. And this is where your reconciliation is going to occur. Ok? This is where you are going to stand still and allow this to be reconcile with that.

Say to me: I am that.

Whatever I am, I am that. Ok, that is where your reconciliation occurs. Are you ok?

...No attribute of the remains unshared by everything that lives.

This is how you come together now, this is how you forgive your brother. Listen...

... What lives is holy as Himself, because what shares His life is part of Holiness and could no more be sinful than the sun could choose to be of ice; the sea elect to be apart from water, or the grass to grow with roots suspended in the air.

There is a light in you which cannot die; whose presence is so holy that the world is sanctified because of you. All things that live bring gift to you and offer them in gratitude and gladness at your feet. The scent of flowers is their gift to you. The waves bow down before you, and the trees extend their arms to shield you from the heat, and lay their leaves before you on the ground that you may walk in softness, while the wind sinks to a whisper round your holy head.

Wow, will you help to stabilize this, will you help me to make this real for everyone? Is that why you are right here with me?

As you make it real for everyone you make it real for yourself. As you offer it, you receive it. Yes!

I choose the resurrection. Father I choose the resurrection, I will not die anymore, i will not suffer anymore, I will not struggle anymore. I choose the resurrection.....that is this paragraph. Thank you Father, thank you that this has become real. The world is changing as I change my mind. Exactly! The world is changed. The world you are returning is not the one that you left. Did you hear me? Come on you dreamers. The world you are returning is not the one that you left.

Now, you may, as Daryl, choose not to return at all. And that is ok with me. I can use you anyway! You have no obligation to return, you can stay here at the threshold until it is over, i have no problem with that. You will still witness a world made holy because of the light that you bring.

You will witness that in your transition, because that is what the transition is. You will witness a world made holy by the light that you are now identifying with.

Are you going to stay with me now, and help me stabilize this? Witness its effects everywhere in the world?

You want to share this perception with me, yes? I am offering it to you, you don't have to forget again, there is no reason for you to forget again, unless you choose to forget again.

You can remember with me, I am showing you evidence everywhere, it is all around. Open your eyes, open your eyes. Thank you, thank you.

There is no world. It is just a reflection of an idea in my mind. When your inner condition is peaceful, so will your outward condition be. Good.

----The light in you is what the universe longs to behold. All living things are still before you, for they recognize Who walks with you.

I am not a body, I am not a body, I am the light of the world. That is beautiful. Thank you for allowing me to share this with you. I've been wanting to share this perception since my return! That is why I returned...

There is nothing wrong with the world. There is nothing wrong with the world there is nothing wrong with anything.

...The light that you carry is their own. And thus they see in you their own holiness, saluting you as savior and as God.

As God? As God! Good. It is clear, you are looking right at it. Of course.... God is! Thank you, I am glad you showed up.

...Accept their reverence, for it is due to Holiness itself. Which walks with you, transforming in its gentle Light all things unto its likeness and its purity.

That is you; you are the agency which is transforming everything into light. What did you think

the Holy Spirit was? It is you. It is you fulfilling your function. When you fulfill your function you are Holy Spirit, you are the very context. I love you.

...This is the way salvation works. As you step back, the light in you steps forward and encompasses the world.

It heralds not the end of sin in punishment and death. In lightness and in laughter is sin gone, because its quaint absurdity is seen.

It is a foolish thought, a silly dream, not frightening, ridiculous perhaps, but who would waste an instant in approach to God Himself for such a senseless whim?

Yet you have wasted many, many years in just this foolish thought. The past is gone, with all its fantasies. They keep you bound no longer. The approach to God is near. And in the little, tiny interval of doubt that still remains, you may perhaps lose sight of your Companion, and mistake Him for the senseless, ancient dream that now is past.

"Who walks with me?" This question should be asked a thousand times a day, till certainty has ended doubting and established peace. Today let doubting cease. God speaks for you in answering your question with these words:

*I walk with God in perfect holiness.
I light the world, I light my mind and
all the minds which God created one with me.*

Are you ok? It is a new day.....Sunday.....must be Sunday. You are resurrecting. Is it Easter Sunday? It is always Easter Sunday!

Thanks guys, thank you. I love you, I love you, I love you.....
Thank you! I am really glad you are here. Can you see how close it is, how close you are?
That is good; you are getting glimpses, cues from the other side now.
I love you.
Namaste...
