

This ship IS the last ship...

January 31, 2009

Whatever shape I take, however I appear, I'm a form of Grace...that's all you have to hear from me. When you hear me you see me, why? I too, am a vehicle of Grace, that's singular. That's the vision that we share, ok?

See that in one another, whatever shape or form it takes, the only thing there is Grace. "But it looks like suffering." Look again. What's suffering... anyone?

A form of Grace! What did you think it was?

You mean I really have to do *A Course in Miracles*, I really have to learn to think differently? You need to train your mind to remember, you still have a tendency to forget. Common you guys! This is the new sequence. I'm looking right at it with you.

There is one instant in which you make a choice to either remember or forget. That's the workbook of *A Course in Miracles*.

You have a choice. You can choose to remember. Everything will be given. Ok? This is a form of Grace, what is it? It's a gift. Is the means by which you will remember who you are.

What about the body? What did I just say? It's a means, a form of Grace by which you will remember who you are. Does Jesus say that? Of course he says it. How do I know he says it? Because I'm saying it. I don't have to read it in a book, I'm saying it, therefore, he is saying it. All right...

By the time you read it in the book, is already too late. Now, if you let the book be the first thing that you see when you come back in, you won't drop in very far. When do you think the book was given you? ... on the way in. I just handed it to you, I said if you need it, use this. Are you hearing me?

You are going on a mission, you take this with you, and if you are bewildered, confused, open it. Don't go any deeper than this, stay here Look, what am I doing? Listen. I'm teaching you to levitate. This is how you levitate. How do you levitate? You don't drop in.

Who wants to take this step with me? ... Then, take it, it's freely given. The world is nothing yet. But it will have all the meaning that you give to it. There's nothing I can do about that. We share the same source.

My suggestion for you, if you want to avoid conflict, give it the same meaning that you bring with you. Let it be a reflection of your light, in other words. Ok... You guys?

The world is nothing yet, not yet...not yet, not yet... want to choose again? Not yet. You need

some time to make a choice? Ok. Not yet, not yet...you see how time is an illusion? You are moving in the wrong direction, you don't need time!

The decision is always present, you are always making it presently. "The present is the only time there is." Big deal. Of course, the present is the only time there is! It's not so because you say it.

That's all the teaching I'm going to do today. If you allow me to, I'll demonstrate a little bit for you, and see for yourself you are exactly as free as I am. You can leave here any time you want. You are not a body, even now you are not a body, this is a dream, ok guys?

You are showing signs of advancement... what is this a "partida", what do you call this? An Atonement circle... What do you call it...

It's comprised, it's made up of those who have a shared intention to remember who you are. Witches and warlocks...

I carry a sword, and my sword is truth. My sword is the Light that I brought with me. Good.

The truth will dispel illusions. The truth will set you free. What is the truth? Illusions are illusions and truth is true. Only the truth is true!

And the truth is... **I'm the only one here.** Say it... **I'm the only one here.** Wait a minute, you almost heard it...say it once more. Say it until you hear it, don't stop. If you need to say it out loud, say it out loud, if you need to repeat it as a mantra, repeat it as a mantra, I don't care how you do it. I rather meditate, do whatever you like, I don't give a shit, **you will still be the only one here.**

How do I know that? Because, I'm the only one here. I can prove it to you. That's what I'm doing right now, I'm proving it to you. I'm giving physical evidence or evidence that you cannot deny, you cannot pretend it's not occurring to you because it's occurring to you physically!

And you can't possibly feel it unless distance is an illusion. Unless location is a lie, that's the only way you can possibly feel it. We are connected and therefore the space between us is an illusion, thank you, are you teaching today? I appreciate it, thank you. Are you gonna teach me out of here? Keep teaching it, don't stop. Good.

The space between us is an illusion. Time is also an illusion. In fact, time is the space between us. That's a good one. It may come in handy later on... ha! that's a joke.

The first one in gets all best material, I mean that, literally. The first material is the purest. That's a little sacred geometry for you, common now. The first thing you run into is the purest, it's the purest material, it's the purest form, it hasn't been corrupted yet by your judgment, ok? Good. That's simple.

That's called forgiveness. It's nice to be felt... who are you? You are perfect, just as you are, exactly as you are, nothing needs to be changed. If anyone wants you to change, tell him to go fuck himself...thank you... it's why you are with me, my love, because you are true.

The first one in gets the best material. I love you guys, it's a privilege... thank you. Can I make a confession? I don't want to go any deeper than this. Please don't ask me to go any deeper than this, please ...Ana? Please don't ask me to go any deeper than this. You can stay here with me. What about Ignacio... I forget who you are talking about, I don't remember that, I can't remember that, can you, can you??

Are you going to remember that, are you going to animate that? Or you are going to let it be resolved right now, right here in the light! I don't know who you are talking about. There's no such thing as that, yet! Is anyone feeling this? I'm talking about a thought in your mind!

What about the sickness I'm going to die from? I don't know what you are talking about. There's no such thing as that, yet! Do you want there to be?

I'll see you when you are through! ... come on...

I am before time was.

I am the alpha and the omega. Do you need to hear it? And you are that along with me. It must be so, if it's the alpha and the omega. It's called the holy relationship. You guys like to name things ...oh, that's the holy instant...so, what about it? Oh... that's quantum physics.... it's so small.

Guys...I love you. We are going home, it's obvious we are going home. Nothing can prevent us! We found each other, look at this, look how much light there is here... you are gonna deny what's here? ... Wait for someone else to show up?

What about what? Nothing's happened yet. There's no one out there. Everything you need is right here and this is the end of the dream. These are the archetypes... that represent all of humanity, right here. All you will find out there are clones of what's in here. Can you hear me? Thank you. It's nice to be heard.

How about the resolution? How about it? Why are you asking me, why are you asking me about it? The resolution is here, it's always only here. But, why do I keep returning into time? Why are you asking me?

Your will is done!

I know why I'm going back. I'm going back to open a restaurant. You got a problem with that? ...you see what I mean? Come on!

I'm going back because Truelove is there... Everything looks better with Truelove (Yulof) in the picture. That's a full title.... Because it's true.

Guys, are you ok with me? I want you to understand that you are not guilty! You are not guilty! You are just taking the Light and animating a sequence, that's all. You are a dreamer and you are learning the art of dreaming. What's the art of dreaming? I'm responsible for this! It's the very secret of salvation! There is nothing there that I don't bring with me.

My suggestion once again: take the book with you... or some form of Light, take it with you, and, if you are confused: open it! That's it! You don't need to go any deeper than that. If you are confused about anything, open it, and, you will remember. You'll remember why you are here.

Why are you here? Why are you here? I'm here to serve God. Come on, be honest, why are you here? You are here to remember who you are! I'm just reminding you. Now you got it. That's called the present. That's all that's going on in the present. You ask the question... and the response is immediate.

Who Am I? I 'm the cause of this, who am I? I'm the cause of this, who am I? I'm the cause of this, who am I...I'm the cause of this! Who am I, who am I? I'm the cause of this! Whatever this is: **I am the Cause!** That's why there's nothing to be afraid of, whatever this is: I am the cause!

What am I using to cause it? The only thing there is to use: Thoughts. There's nothing else to use. Go ahead try to use something else, impossible. The only thing that's available to you is thought!

What about physical things? ...Thought! You mean, thoughts are things? Go ahead, there's a religion. All right, thanks guys. Glad you are here. I'm really offering you everything... because I love you... because I have no choice, cause love is all there is.

If I had a choice I wouldn't love you. Does anyone hear me? If I had a choice I wouldn't love you!

If I had a choice there would be something other than love. Good, thank you. That's the illusion. The illusion is that there is something other than love. I have no choice, good, I love you.

I'm the cause, I'm the cause of this, and that cause is Love. When I look for myself, and here is and advanced teacher speaking to you, when I look for myself, all I find is Love. I don't find anything else, there is nothing else there. If I look for conflict, it will resolve immediately in love. I'm calling you up, you are being promoted.

Are you in love with me? I'll take shape if you want me to. I don't have much interest in taking shape, I don't know about you, it's just an accumulation of memory. You see how you are given a choice?

Listen, listen to me. As you go, as you descend, listen. You only accumulate exactly as much memory as you need to, to feel comfortable, or to live without too much fear. Ok. You remember this with me, listen...

Memory and fear are the same thing. Thank you for hearing me. If you remember anything you will be afraid. All right...

I'm offering a present memory, now, here is a present memory, the only one you need. Listen to me. I'll give you a present memory. Are you ready?

Nothing's happened yet! It's all you need to remember: Remember this, nothing's happened yet! Good. I love you guys.

I'm a pretty good teacher, that's why they keep sticking me back down in here. I'm the last thing you run into on your way out, you won't find a better teacher. If you need me.... I'm just a voice in your head, for crying out loud. What did you think I was... a body? Don't give me a laugh, what body, what are you talking about?? I love you guys.

You have no choice, you are a species human and you are evolving, you have no choice. Just a moment ago you were swinging from the trees, remember?

I'll tell you what, you had more fun swinging from the trees than you did as a human being. You think you've evolved forward from the ape but you've actually evolved backwards.

It's just thought, you are just looking at thought. I love you guys. First one in, gets all the best material. It's time to see the joke with me. I love you, thank you. This should be your integration. Put on a little bit of music(...) this is how I levitate...

You wanna leave here within me? Father... Father, we are here in Your Name, and all of our resistance is gone! Is gone! Why? We kicked his ass out of here! Yes or no? ok... Yeah (laughs) Thank you. It's just a thought! We told him... You are not welcome here anymore! What prevented me from doing that before? You thought he was a human being, that's why!

He is not a human being, there's no such thing as a human being. He is just a thought in your mind, it's just a thought in your mind, that you no longer have any interest in, right! Your only interest is on going home! You are not interested in all the reasons why you can't go home, fuck'em! Yes or no?

I'm looking at your mind with you now, trying to thin it out for you, you have some residual unconscious idea. I can't go home because I'm not worthy. You didn't make yourself, you didn't make yourself, you didn't make yourself, you didn't make yourself, I didn't make myself, you didn't make yourself.

You are as God created you. What are you doing? You are talking in your sleep. You are showing signs of awakening. What's a mantra? It's you talking in your sleep. I love you, I'm right here with you. This is your advanced practice.

There's absolutely no reason why I can't go home right now, there's no reason... unless I invent one. Thank you, I love you.

...I love you so much... When you pray you mean it! You too, makes you one of my favorites, when you pray you mean it!

I don't know about you, but I need God! I need God! I took one look at all this and find I need God... thank you I can't do it on my own. Without God I'm fucked! Yes?

Fortunately for me, I can't be without God! It's impossible. I tried, but, I failed. Thank you, that's the integration. That's all I'm going to say and I'm going home.

I'm no longer interested in denying God, no longer interested. how about you?... and you?

Are you interested in denying God? I'm just moving some energy, cleaning you out. I'm giving you a crown enema... keeping your channels open.

What gives you the right to clean out my channels, what gives you the right to save me? It's my body I can do whatever I want!... Ha! It's nice to be felt.

You think you are outside of my body? You're crazy? My body is all bodies, please! It's just a thought, associating with the physical, don't make a big deal about it. I'm just offering a brighter thought, a brighter identity.

Who gives you the right to do that? I am you. Thank you. Good.

I'm not a body, I'm free. I love you, you see how much I love you? It's beyond the body. We are approaching God together and we got a good merkabah out here, it's a working ship. Come on, do you think there are other ships? Don't be absurd. What difference does it make? You are on this one. Once you are using this one, are you gonna jump ship?

I wouldn't jump ship, not at this frequency. It's a long way down! If you miss the next one, it's a long way down. This one is leaving, I would stay on board, it's working well. It's a working thought.

If you spend too much time resenting the fact that you missed the last ship, you are just wasting time.

Here, I'll make it easy for you. Listen...

This ship *is* the last ship. What do you think... does that help you? And I mean that both ways.

It's both the one you missed, and it's your last chance! Did you hear it? Come on. Don't be looking for another ship, stay here. It's working perfectly. It's a dream, yes, of course. It's a hologram, sure. It's working.

Got some good guys here. Got some good looking guys here, I would stay close. You are allowing me to be me? I suggest you do so if you want to get out of here. Like it or not you've been assigned to me or you wouldn't be here.

I'm your captain. Your only response is: Aye aye sir. Whatever I say... Constantine, is that your last lesson?

Salvation is: Aye aye sir. I know what I'm doing. It's not difficult. Stay true, stay true to one thought! Ok, you guys? Here we go, fix your attention.

Only you Father, only You! Fix your attention on the Light. Only You, only You! Thank you...

Are you a good witch or a bad witch? I always thought that the bad witch had more character, but that's just me. I love you guys. You know what? I fucking love you, in spite what you think of me. Sometimes I love you because of what you think of me. Especially when you are bad...

Listen (music playing) this is you being bad.

I love you, even when you are bad you are good. Even when you are bad you are good!

You are not guilty!... thank you, I love you, thank you. What a perfect way to spend a rainy Saturday. What came first, the session or the rain? (music playing) Here comes the rain, listen. Can you feel it? It's raindrops. They feel like notes, yeah. Thank you.

Thank you Father! Thank you for this... it's beautiful, it's beautiful, I accept it! I want more of this, I want more bliss, I want more ecstasy, I want more joy! Good, good, why not! I want no suffering, is that ok?

You are going to have to learn to transcend your body, I'm afraid. How do you do it? You are not a body. Not by making it real. I'm not a body! Thank you Father. Thank you. Father, Father, father...

I choose this song... Just to show you how much I love you... Thank you

Thank you, thank you, thank you, thank you, thank you

I love you so much, I love you so much... thank you, thank you, thank you, thank you Stay in your heart. You can stay in your heart, You don't have to drop any lower than your heart. If you stay in the heart, everything else will be included. Thank you, thank you, thank you. It's called: The source of perception. It's right there in the body. Thank you, father, thank you, I love you so much, I love you so much, like I told you: I got you.

Thank you, thank you I love you, thank you, I love you... Thank you Thank you Thank you, for these holy ones, thank you!

Is everyone ok?

Trust me...

I'm teaching you to identify more and more with the mystery itself and not with its effects.

Is everyone ok? You have any questions or comments? Don't be afraid Give me your blue ray and you'll be fine. You won't have any problem with the crown if you are giving me your blue ray.

What's the blue ray? Function, service, giving. Extending, outward.

Without the blue you'll feel trapped in the body. Guys, I'm talking to all of you know. Without the blue ray, without giving it away, you'll feel trapped in the body and there's nothing I can do about that, I know you are not a body.

The only way out is service, in some form or another. Call your attention to God instead of to yourself. Guys, are you ok with that, do you hear me? No one cares how you do it!

What is the body? A serviceable instrument.

My suggestion: allow the form to change. Did you hear me? That's my suggestion if you want to be practical. The problems in your head only if you are not allowing, the form to change. If you allow it to change, there's no head. That's the blue...

Are you ok, anyone else?

Change is always benevolent. If you are wise enough to surrender In God nothing can go wrong. Thank you Father for showing me the way.

The guys in Uruguay, Sandra...And Cecile, she's here, she's beautiful And Venezuela is beautiful, Venezuela looks beautiful!

No one is left out. Father, thank you. Thank you that no one is left out.

Is only by Your Grace that no one is left out. It's by my *intention* to leave no one out that the world is saved. It's not about my *ability* to include everyone, that's impossible.

It's by my intention; to include everyone.

In God everyone is already included. Don't worry about missing anybody. Don't worry about leaving anybody behind, that's impossible. Ok? I've relieved you of that burden. It's not up to you.

God will send to you those that are assigned to you, don't worry about it. They will represent all others. Did you hear me? That's our "partida", that's our little circle of atonement, right here, representing all others!

Thank you, thank you, thank you, thank you. This is such good company. I'm glad to be here

Stay close, thanks guys, I love you, it's beautiful! Namastè

Guys, don't spend more time on the physical than you have to, to bring about the healing, ok? My suggestion is once the healing occurs, stay in light! You understand? I'm trying to help you stabilize that. Yulof, you are a good example. You can join me and stay with me in Light.

You are on a mission, yes! You have an assignment, yes! Stay with me in the Light I love you, you don't have to worry. You are with me. You are as close to me as anyone!
